RISK DISCLOSURE

The Fort Washington Small Company Equity strategy invests in stocks of small-cap companies, which may be subject to more erratic market movements than stocks of larger, more established companies. The strategy invests in foreign securities, which carry the associated risks of economic and political instability, market liquidity, currency volatility, and accounting standards that differ from those of U.S. market national section of the less protection to investors. The strategy my focus its investors in a particular industry and/or market sector which may increase the strategy's volatility and magnify its effects on total return. Events in the U.S. and global financial markets, including actions taken to stimulate or stabilize economic growth may at times result in unusually high market volatility, which could negatively impact the strategy's performance and cause it to experience illiquidity, shareholder redemptions, or other potentially adverse effects.
